

Session Objective & Agenda – September 14

Session Objective: Present draft strategic objectives and functional components and receive input from collaborative AV organizations in order to develop a future AV SMS framework that addresses the entire AV value chain.

Agenda:

- **Welcome + Introduction**
- **Proposed Strategic Objectives of an AV SMS**
- **Exploring the Functional Components of an AV SMS**
- **Next Steps + Closing**

Session Objective & Agenda – September 15

Session Objectives: (1) Leverage results of the AV Safety Functions activity to identify existing industry standards and other guidance that can support building and maturing the functions in an AV SMS Framework. (2) Explore the creation of a Safety Data-Sharing Partnership to support collective safety analysis and risk mitigation initiatives at scale.

Agenda:

- **Welcome + Introduction**
- **AV Safety Data Sharing Partnership Proposal Presentation and Discussion**
- **AV SMS Safety Functions Deep Dive**
- **Envisioning the Future of AV Safety Forum Leading Practices Development**
- **Next Steps + Closing**
